Warm. POLAND

About

I always look for solutions because I believe there's no such thing as a no-win situation! With over 5 years of experience as a karate instructor, I've learned to work under pressure and think on my feet. Plus, 15 years of training have made discipline, motivation, and commitment a natural part of my everyday life. I enjoy challenges, taking action, and spreading good energy – both at work and beyond!
