PROFILE

I am an ambitious final-year student at the University of Warmia and Mazury in Olsztyn with a passion for sports. With over 5 years of experience participating in various tournaments and collaborating in numerous training camps, I have developed key skills such as self-motivation, composure, and adaptability in challenging situations. Since beginning my journey in IT, I have been dedicated to enhancing my skill set through several personal, non-commercial projects. Additionally, my extensive work with computers has expanded my knowledge and proficiency in the Microsoft Office suite.
